1. Discussion of (Commerce member's) paper on Work Program for Para. 9.

Decision

It was agreed to continue this discussion at the next meeting called for Friday, September 27.

Discussion

Mr. George reviewed his paper entitled "Exceptions to Security Controls - Principles and Procedures" dated September 24, 1957. There was a general discussion of the paper point-by-point. It was agreed that no decision can be made on this until the first part of Mr. George's proposal had been settled because the matters depended directly one on the other. There was a short discussion about the desirability of putting alternative questions on criteria before EDAC.
